### EGGNOGG

Separate three eggs, beat the whites to a stiff froth, and add the yolks, with three cups of granulated sugar, beating all until creamy. To this add, very slowly, and only a small quantity at a time, one pint of best whiskey, stirring briskly. Dash with one-half pint of imported Jamaica rum. Immediately before using add one quart of ice cream, one quart of sweet cream, and one quart whipped cream. Vanilla to taste. Serve in toast cups.

### CLARET CUP

To one quart of claret, add the juice of two lemons, one-half cup of sugar, and one-half cup of whiskey. Serve in toast cups over crushed ice.

## CANDLELIGHT TEA

### NAVY PUNCH

Take one quart of Jamaica rum, one quart of champagne, the juice of eight lemons, the grated rinds of three, one and one-half pounds of sugar, one quart of hot tea, made from eight teaspoonsful of tea. Upon the lemons and sugar, pour tea and allow to stand half an hour, stirring often. Then add the rum. Place in punch bowl. When iced and ready to serve add the champagne.

### APPLEJACK

Peel and core one-half dozen large cooking apples; fill the center with sugar, cover with three pints of water and let boil until tender, but not broken. While hot place apples and juice in punch bowl with a few whole cloves, cinnamon, mace and alsprice. Add to this one pint of brandy and a dash of rum. Serve either warm or cold.

### FRUIT PUNCH

One cup each of lemon and orange juice, one pint of grape juice, one pint of grated Hawaiian pineapple, two cups of any fruit minced. Sugar or sugar syrup to taste. Serve very cold, with crushed ice.

## CHAMPAGNE PUNCH

To the juice of eight lemons add one pint of sugar; when thoroughly dissolved, add two quarts of some good effervescent water, and two quarts of champagne. Pour over block of ice in punch bowl on which has been placed a couple of bunches of hot-house grapes (green preferred), and several pink roses.

## LEMONADE

One quart of boiling water, juice of three lemons, with a very little of the grated rind, and one-half pint of sugar. When cold make very chill with crushed ice.

## CHERRY SHRUB

Make a syrup of two pounds of sugar and two quarts of water. Put through a fruit press one gallon of pitted cherries, add this to the syrup and boil ten minutes; add the juice of two lemons. Strain and serve when very cold, with a few of the fresh cherries floating on top.

## CANDLELIGHT TEA

### ORANGE COCKTAIL

Mix the juice of two lemons with that of three oranges and the grated peel of one orange. Add to this one-half pint of sherry; strain and chill, then fill cocktail glasses with the mixture, put a maraschino cherry in each. A small amount of sugar can be added to the lemon juice if preferred.

### ORANGEADE

To one quart of water add the juice of three oranges, the grated rind of one orange, juice of one lemon and one-half pint of sugar. Pour in glasses half filled with crushed ice.

### CREAM PUNCH

Cream punch is much better made of ice cream, as it is not near so apt to curdle. If made of plain cream it should be thoroughly chilled before adding whiskey. When made of ice cream, stir in whiskey to taste. If sweet cream is used, add sugar first, then whiskey, slowly to taste.

## MINT JULEP

Each glass of julep should be made separately. Take about six fresh mint leaves, crush in bottom of glass, add one teaspoonful of sugar, fill within two inches of top with crushed ice, then fill glass with whiskey, put on cover at once and let stand for five minutes. When cover is removed the glass will be frosted. Julep should always be made in the tall narrow glass, using metal cover.

## FRUIT FIZZ

All fruit fizz is made by pouring appollinaris water over the fruit syrup that has already been made by boiling one quart of fruit juice with a pint of sugar. This fruit syrup can be made in season and put up in Mason jars or bottled. Serve in tall slender glasses with crushed ice. This is much improved by a dash of sherry.

## FRAPPE

## CANDLELIGHT TEA

### PINEAPPLE PUNCH

To two cans of Hawaiian pineapple add juice of four lemons, two cups of sugar, three quarts of appollinaris; either pour over block of ice or chill with one quart of pineapple sherbert. The slices of pineapple must be cut in small pieces. A few maraschino cherries, without any of the juice, will add to the beauty of the punch. Always use the Hawaiian pineapple, for none other has the fresh fruit flavor.

### PINEAPPLEADE

To one-half gallon of water add one cupful of sugar, dissolving thoroughly, to this add one large can of Hawaiian pineapple (after cutting fruit into small pieces), and the juice of three lemons. Serve over crushed ice. If in strawberry season, add from two to three selected strawberries to each glass.

### RHINE CUP

### UNFERMENTED GRAPE JUICE

Wash the grapes, drain well and pop out of shells. Place them in a kettle, and barely cover with water, allowing them to boil twenty minutes. Cool and strain, and to each pint of juice add one-half cup of sugar, boil again, strain through flannel. Bottle while hot.
